YOURS

Yours to keep
site and domain in your name

01 WHERE WE STARTED

What we built it around.

01 Before harvest, seed on the ground.

From your spreading copy. Option 1 turns the O of your logo into a spinning propeller that throws a spreader's fan across your own cornfield, with Call Logan right under it.

02 It's not easy being a farmer.

Your own words, signed. Option 2 sets your quote over your cornfield aerial as a center-pivot circle, ringed with what you do.

03 From the tried and true P100 Pro, to the brand new P150.

Your Services line. Option 3 puts the two machines from your shop in opposite corners, with Quality doesn't have to mean expensive under the headline.

02 WHAT YOU GET

Pay for the website. Get the whole launch.

01	The website Up to five pages built out from the top you've just seen, in the same look, with your own words and photos: your XAG drones and parts, spraying and spreading, and your story. Your shop comes along, so customers can still order the P150 and P100 Pro kits. On your domain within a week of saying go.	\$2,500
02	A launch promo A short animated video made from your own photos and words, sized for Instagram, Facebook and anywhere else you post.	\$140
03	A launch email Designed and written for the farmers who already know you, so they hear about the new site, and the next spray season, from you.	\$350
04	A launch ad set Twelve ads, each sized for feeds and stories, with moving versions of the best four.	\$350
05	A phone receptionist, first month From <u>Hire Whoever</u> , our sister company: a voice assistant built around your business that picks up your line when you can't. You teach it by text, and every call it takes becomes a short written record you can read after.	\$105

PLUS, WHEN YOU SAY GO BEFORE 6 NOVEMBER 2026

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. No WordPress or plugins to keep patching, modern hosting with SSL, and every version saved, so any change can be rolled back.

03 Who owns it?

You do. The site and the domain are in your name, not ours. Hosting is included and nothing renews unless you ask. If you ever want to move it, you get every file.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from \$250 a month, cancel anytime.

05 When do I pay?

Half (\$1,250) when you say go, the rest (\$1,250) when the site is live. You've seen the homepage before paying anything.

06 What if the brands I carry change?

Then the site changes with it. Product pages are built to swap, and I'll redo them before launch if your lineup changes.
